Scrum Master Prüfung

Information zu den 100 Fragen

Diese Fragen sollen Ihnen helfen einen Eindruck zu erhalten, über den Aufbau der Prüfungsfragen für die Scrum Master Prüfung. **Der aktuelle Scrum 2020 ist berücksichtigt.** Wir haben mehr als 100 Fragen und dies stellt nur eine Auswahl dar.

Hier finden Sie das [Erklärungsvideo](#) zu den Fragen.

Die Fragen sind auf englisch, da die Original-Prüfung ebenfalls nur auf Englisch statt findet. Dennoch kann man gut erkennen, wie der Aufbau und der Umfang der Fragen sein wird.

Gehen Sie die Fragen durch und prüfen Sie sich selbst: Können Sie die Fragen beantworten? Im Scrum Master Assessment (die Scrum Prüfung) werden Multiple-Choice Fragen gestellt. Sie haben also immer mehrere Antworten zur Auswahl, dies kann dann nochmal verwirren.

Eine gute Vorbereitung ist es, den Scrum Guide nochmal zu lesen. Gerade die überarbeitete Version ist viel klarer und bildet auch die Grundlage die Prüfungsfragen der Scrum.org (PSM1).

Die hier veröffentlichten Fragen sind nicht die Originalfragen des Scrum Master Assessments. Die Fragen wurden von uns mit großer Sorgfalt erstellt, um Ihnen einen sehr guten Eindruck zu vermitteln, welches Wissen sie benötigen. Die Fragen stammen aus unserem [Scrum Master Online Kurs](#), sowie dem [Scrum Master Exam Simulator](#) und sind auch im Buch: [Scrum Master Exam Vorbereitung](#) enthalten.

Auch wenn die Fragen hier für Sie keine Antworten enthalten, bieten Sie dennoch einen guten Einblick in die Besonderheiten der Prüfungsfragen. Die Fragen sind zum Teil verneinend und leicht verwirrend formuliert, ganz so, wie es auch in der Prüfung sein wird.

Ich wünsche Ihnen Viel Erfolg mit der Prüfung und eine hohe Punktzahl beim Bestehen!
